## 🎓 EDUCATION

2019 – 2023 Jabalpur	<b>B.TECH (Agricultural Engineering)</b> Jawaharlal Nehru Agricultural university CGPA -7.69
2018 jabalpur	<b>Class 12th</b> Samdariya public school Percentage -75.8
2016 Jabalpur	<b>Class 10th</b> Samdariya public school Percentage -83.8

## 📁 PROJECTS

### Movie Recommendation System ☑

- Object of this project is to "Developed a personalized movie recommendation system to enhance user experience."
- Project is made with the help of scikit-learn library.
- The system recommend movie by finding similarities between movies on the basis of "genre, cast , crew, directors, overview"

### Fraud Detection system

- Implemented my knowledge of machine learning algorithm and python library
- The system detects the fraud by checking transaction type and time taken for the transaction
- Performed EDA with the help of pandas and matplotlib , seaborn libraries

### Flash Card ☑

- The object of this project is to make interactive learning experience
- Collected 100 French words and their English translations
- In this project the card firstly shows a French word and after 3 seconds it shows the meaning of the word

## SKILLS

### programming languages

Python , Html, CSS

### Tools

Pycharm, jupyter notebook, VS code

### Machine Learning algorithms

Linear regression, Logistic regression, Decision tree, Random forest, Support vector Machine(SVM) etc

### Database

MySQL

### Software and libraries

NumPy, Pandas, matplotlib, scikit-Learn, Tkinter,

### Frameworks

Flask

## EXPERIENCE

01/2022 – 03/2022

Bhopal, MP

### Action For Social Advancement

Internship

"Planning and survey of land & water resources and community mobilization"

- Did survey in villages by going home to home
